

## Anastasiia Voznesenskaia

anastasiia.voznesenskaia@stonybrook.edu

### Education

- 2015 – 2019 Linguistics BA, Lomonosov Moscow State University  
2019 – 2021 Linguistics MA, Lomonosov Moscow State University  
2023 – Linguistics PhD, Stony Brook University

### Research Interests

Syntax, syntax-semantics interface, nominalizations, negative concord, embedded clauses, quantifier float, wh-questions, island effects, question particles, fieldwork, experimental methods, Uralic, Turkic, Mongolic, Slavic

### Fieldwork

- 2016 – 2017 Hill Mari  
2017 – 2018 Buryat  
2018 Georgian  
2019 – 2021 Balkar

### Theses:

*The syntax of Negative Floating Quantifiers in Russian.* Bachelor's thesis. Lomonosov Moscow State University.

*Island effects in Russian indirect yes/no questions.* Master's thesis. Lomonosov Moscow State University.

### Publications

Voznesenskaia, A (under review). What Backward Negative Concord tells us about control. (lingbuzz/008900)

Voznesenskaia, A. (2025). Gréte Dalmi, Jacek Witkoś & Piotr Cegłowski (eds.), Strict negative concord in Slavic and Finno-Ugric: Licensing, structure and interpretation. Berlin, Boston: De Gruyter Mouton, 2024. *Journal of Linguistics*, 61(2), 463-466. [book review]

### **Conference presentations**

SYNC 2025: CUNY Graduate Center, 6 December 2025, “A minimalist parsing account of object preference in Korean Floating Quantifiers” (with Robin Doyle)

GLOW 47: Generative Linguistics in the Old World 47, Goethe University Frankfurt, 24–28 March 2025, “Backward Negative Concord in Russian”

FASL 33: Formal Approaches to Slavic Linguistics, Dalhousie University, Halifax, NS, Canada, May 16–19 2024. “Backward Negative Concord in Control Structures”

TU+7: The 7th Workshop on Turkic Languages and Languages in Contact with Turkic, University of Connecticut, USA, 18-19 February 2022. «MI the almighty: yes-no questions in Balkar». (with Maria Manina)

The 10th conference «Typology of Morphosyntactic Parameters», Moscow, Russia, 7–9 October 2020. «Island effects in indirect li-questions (in Russian)».

Malyje jazyky v bolshoj lingvistike [Small languages in big linguistics], Moscow, Lomonosov MSU, Russia, 17-18 April 2020. «Questions in Balkar».

TU+5: The 5th Workshop on Turkic and languages in Contact with Turkic, University of Delaware, USA, 8–9 February 2020. Poster: «Wh-questions in Balkar: an argument in favor of the choice function approach».

The 9th conference «Typology of Morphosyntactic Parameters», Moscow, Russia, 16–18 October 2019. «Negative floating quantifiers: restrictor restrictions»

Russkaja Grammatika: aktivnyje processy v jazyke i reči, Yaroslavl State Pedagogical University named after K.D.Ushinsky, Yaroslavl, Russia, 17–19 May 2019. «Licensing of negative floating quantifiers in Russian»

TABU Dag, Groningen, the Netherlands, 14-15 June 2018. Poster: «-er nominals in Georgian»

12th Annual Cornell Undergraduate Linguistics Colloquium (CULC12), Ithaca, NY, USA, 28-29 April 2018. «Deadjectival Nominals in Georgian»

Conference on Central Asian Languages and Linguistics, Bloomington, USA, 2-4 March 2018. «Buryat Question Particles and Where To Find Them»

XIV Conference on Typology and Grammar for Young Scholars, St. Petersburg, Russia, 23-25 November 2017, «On question particle -b in Buryat»

Malyje jazyky v bolshoj lingvistike, Moscow, Lomonosov MSU, Russia, 2-3 November 2017,  
Poster: «The status of the -b particle in Buryat»

Conference on the Syntax Of Uralic Languages, Budapest, Hungary, 27-28 June 2017.  
«Nominalizations in Hill Mari»

III Student conference of Linguistics institute, RSUH, Moscow, Russia, 6-7 April 2017. Poster:  
«The structure of the -mê- nominalizations in Hill Mari»

### **Teaching**

Spring 2026 – LIN 311: Syntax, Teaching Assistant (recitation instruction)

Winter 2026 – LIN 200: Language in the United States

Fall 2025 – LIN 431: The structure of an uncommonly taught language (field methods), Sorani  
Kurdish, Teaching Assistant (grading, recitation instruction, instructional design)

Fall 2023 – LIN 431: The structure of an uncommonly taught language (field methods),  
Malayalam, Teaching Assistant (grading, recitation instruction, assignment design)

Spring 2023 – LIN 101: Human language, Teaching Assistant (grading, recitation instruction)

### **Languages**

Russian: Native

English: Proficient

German, Ukrainian: Intermediate

Czech, French, Spanish: Elementary
